2 years

### ACHIEVEMENTS AND CORE OPERATIONS AT BCT LIMITED

---

- Revamped B2B ride-sharing mobile application, achieving 90% higher customer satisfaction and 100% faster loading times for mobile and admin portals.
- Mentored and trained junior developers, fostering skill development and growth
- Led a 3-person frontend team to develop an MVP for a sports management platform and freelancer marketplace with 500+ active users.
- Introduced advanced frameworks, reducing development time and enhancing scalability.
- Assisted in the successful completion and maintenance of a web application solvate

## ACHIEVEMENTS AND CORE OPERATIONS AT Zynopay Limited

---

- Developed and implemented backend solutions that improved transaction processing speed, significantly enhancing user experience during the close testing phase.
- Successfully integrated multiple local and cross-border payment gateways, enabling seamless transactions and expanding the platform's capabilities for a diverse user base.

## ACHIEVEMENTS AND CORE OPERATIONS AT TECH STUDIO ACADEMY

---

- Led successful training programs, empowering students to achieve remarkable outcomes.
- Formulated high-quality content for each social media campaign.
- Received consistent positive feedback on teaching effectiveness and clarity.
- Mentored and guided aspiring developers, fostering their growth and success.
- Developed engaging curriculum, combining theory with practical projects for effective learning.
- Cultivated collaborative environment, encouraging student collaboration and active participation.

## ACHIEVEMENTS AND CORE OPERATIONS AT KITOVU.COM.NG

---

- Formulated high-quality content for each social media campaign.
- Built a social media presence by maintaining a solid online presence.
- Created internal profit-boosting product, driving increased revenue and operational efficiency
- Conducted market research, identifying trends and informing strategic decision-making
- Provided farmer training to adopt mobile technology, facilitating improved agricultural practices

## ACHIEVEMENTS AND CORE OPERATIONS AT WEST END MIXED SECONDARY SCHOOL

---

- Elevated senior students' Geography performance through effective teaching strategies
- Provided personalized support, assisting students in overcoming Geography challenges

## PROJECTS

---

- **PausePoint** : is a community-focused platform designed to enhance safety, connectivity, and security for residents. The app helps neighbors connect, secure their assets, and ensure family safety while prioritizing privacy and security.
- **Zynopay**: is a **digital payment platform** that enables users to open and manage **foreign bank accounts** from their home country. It provides seamless international banking, money transfers, and currency exchange services.
- **YeildMax**: optimizes agriculture, managing multiple farms digitally. It tracks operations, ensures compliance, and connects with smallholder farmers, providing inputs and promoting best practices, ultimately facilitating the sale of goods in higher value markets.
- **Solvate**: Developed a versatile frontend application using React, enabling users to hire freelancers for various tasks, providing a platform similar to popular freelance platforms <https://www.solvateafrica.com>,
- **HRCORE**: Leading frontend team developing an innovative HR system with Node.js and React. Implemented features including employee management, leave tracking, and performance evaluations. Collaborating with developers for smooth execution. Project is 60% completed, emphasizing user-friendly interface and robust functionality.
- **AFRISPORT**: A web application that facilitates the discovery of local talent by scouts and talent management professionals. It streamlines the process of acquiring the services of these talented individuals and connects them seamlessly to the international market.
