-
- A passionate frontend developer with a strong commitment to continuous learning and growth.
 - I believe in crafting intuitive and efficient user interfaces for both web and mobile platforms using technologies like React and React Native.
 - I am always eager to learn new technologies and best practices, pushing myself to grow as a developer and contribute meaningfully to every project I work on.
-

EXPERIENCE

Frontend Developer Intern | BCT Limited, Ilupeju, Lagos.

JUNE 2024 – OCTOBER 2024

- I contributed to the development and enhancement of both web and mobile applications, leveraging my skills in React and React Native.
- I collaborated closely with cross-functional teams, including backend developers, designers, and product managers, to deliver responsive and user-friendly interface

Apprenticeship | SQI College of ICT

DECEMBER 2020 - JUNE 2022.

- Built foundational knowledge in web development technologies, including HTML, CSS, JavaScript, and React, enabling me to develop user-centric web applications.
-
